The hose are arranged for convenient choosing.

Intrinsically the hose are as good as ever. It is no fault of the hosiery that the prices are lowered-it is due to a merchandising system here-that will not tolerate broken lots and odd lots which inventory revealed.

Save 1/4 to 1/2 and choose hosiery of renown—such makes as Onyx, Wayne, Buster Brown and others.

THE reason that you are asked to eat corn and let

the wheat be shipped to Europe is that our Allies

have few corn mills and are unaccustomed to the use of corn and the preparation of corn breads. It is not practical to ship large quantities of corn meal, because it spoils in transit. Furthermore, our allies have very few home ovens; they buy most of their bread at the baker's, and corn bread is not good "store" bread. The oats, rye, barley, etc., that we send will not support them unless mixed with wheat.
